STANLEY M. LINTZ  
**VALLEY TORAH  
 HIGH SCHOOL**

Menlo Family Boys & Girls Division

Valley Torah High School is dedicated to creating a unique educational experience so that our graduates will be prepared for the pursuit of a higher education in the most rigorous Yeshivas and Universities. We prepare our students for the challenges of being a Torah observant Jew in a secular society by encouraging and developing moral character, personal growth and commitment to learning and contribution to community.

We are committed to providing a yeshiva high school environment where students are nurtured on an individual basis and encouraged to achieve their full potential in three essential areas: character, spirituality and academic success. Our dual-track curriculum in both Judaic and secular studies challenges the highest achievers, while at the same time providing needed assistance to foster academic success. We offer a broad range of sports and extracurricular activities to develop well rounded graduates with an appreciation for teamwork and self worth.

Personal attention beyond the classroom is a hallmark of our legacy, and fosters personal, religious and academic growth. We consider each individual's needs as we encourage the pursuit of postgraduate goals. Our Torah studies program is geared to developing a strong connection to the Land of Israel and places a particular emphasis on the pursuit of post high school studies there.

The lifelong bond we maintain with our graduates, and their ultimate development as adults, is a measure of Valley Torah High School's success over the past forty years.
